# Hello there!

Hi, I'm Pamela, the co-founder of Highland Moss and the heart behind our workshops. My love for plants helped me through a difficult time in life, and it showed me how powerful nature can be in bringing peace and grounding.

Now, I want to share that same feeling with others - to prove that everyone can create something beautiful and help it flourish.

Each workshop is designed as a gentle escape: creative, soothing, and full of life. It's about slowing down, finding joy in the process, and leaving with something that feels truly yours.

# The Highland Moss Experience

Highland Moss was born from a love for nature and the belief that creativity and calm can grow together. What started as a small local idea has flourished into something much bigger, reaching homes, venues, and exhibitions across the UK.

Our work has been featured in the Financial Times and showcased at the RHS Chelsea Flower Show, BBC Gardeners' World Live, London Fashion Week, and even London Zoo.

What truly sets us apart is how our creations make people feel - calm, inspired, and connected with nature. Each project and workshop is designed with care, bringing beauty and authenticity to every partnership.

Choosing Highland Moss means choosing something living, creative, and made from the heart.

# Mini Succulent Garden & Marimo Moss Experience

A calm, creative experience for all ages - perfect for team days, events, or relaxed group activities. For £30 per person, participants create two beautiful mini worlds: a Succulent Garden and a Marimo Moss Ball Jar.

Succulent Gardens are decorated with natural pebbles and materials, easy to care for with bright light and little water. Marimo Moss Balls Jar feature adorable green moss balls that thrive in low light and cool spaces - ideal for desks or offices.

The workshop lasts 45-60 minutes, includes all materials and care instructions, and can be held at your venue for 20-35 participants. A perfect mix of nature, creativity, and relaxation.

# Mini Terrarium Experience

Discover the magic of the miniature world of terrariums with our Mini Terrarium Experience, a relaxing, creative session where you'll build your own tiny ecosystem to take home.

For £25 per person, participants will create a beautiful glass terrarium complete with a small plant, lush moss, and a selection of charming decorations. The session lasts around 20 to 35 minutes, making it ideal as a standalone workshop or a short add-on activity.

Perfect for beginners, this hands-on experience offers a wonderful way to relax, learn something new, and create a unique living decoration to enjoy at home.

We can host workshops for 20-25 people at your venue, perfect for corporate events, community groups, schools, hen parties, birthdays, or private gatherings.

# Terrarium Workshop

Build your own lush mini ecosystem and learn the secrets behind these self-sustaining worlds. This 1.5 to 2-hour workshop is a relaxing and educational experience, with three glassware options. Each includes all materials, step-by-step guidance, and a touch of botanical magic to take home.

# Succulent Bowl Workshop

Create your own vibrant succulent garden for £45 per person. This 1-hour session is fun, easy, and relaxing, guiding you through designing a beautiful open bowl filled with colourful, low-maintenance succulents. Perfect for beginners and anyone who loves creative, hands-on activities.

# Preserved Moss Art Workshop

Design a stunning piece of nature-inspired wall art for £40 per person. Lasting around 1 to 1.5 hours, this calming and creative session uses preserved moss and natural materials to make a long-lasting decoration that brings a touch of greenery to any space. No maintenance required, just pure creativity and relaxation.

# Why People Love Our Workshops

Join the many happy groups, businesses, and venues that have already discovered the magic of our workshops. We've run hundreds of creative, hands-on sessions that can be tailored to your needs and event style.

Each workshop offers a relaxed atmosphere, expert guidance, and the joy of making something beautiful to take home. With so many positive reviews and returning customers, you can be confident that booking a Highland Moss workshop will be a memorable experience everyone will love.

I absolutely loved doing the terrarium workshop last week. Pam was great in her knowledge, support and enthusiasm to us novices. I would highly recommend. I went along on my own and did not in any way feel isolated as it was a small friendly group. Its not the sort of workshop that necessarily benefits from going with friends as everyone is so focused on their own "creation". If you are unsure, go for it.... you won't regret it!

The terrarium workshop was a great experience. I loved everything about it - informative, fun and I left with a beautiful piece of living art which will give me joy for years to come. Most importantly, I now have all the knowledge I need to make more, and in fact I have already made another 2 smaller ones, having bought everything I need on 2 subsequent visits to Highland Moss.

“

Various members of the CNOOC team recently attended three separate terrarium-building workshops hosted by Highland Moss and they were an absolute delight!

The passion of both Pam and Craig for all things plant and nature was contagious and their expertise made the entire experience both enjoyable and educational. The hands-on approach, diverse plant selection, and emphasis on sustainability made the experience a great one overall.

We all left with beautifully crafted terrariums, a new appreciation for plant care and a sense of community with fellow enthusiasts. I highly recommend Highland Moss for a wonderful and enriching botanical experience and we will definitely be doing more in the future!

# FAQ's

## **Can the workshops be run at the Highland Moss shop in Aberdeen?**

Yes! We can accommodate up to 6 people in our shop and run workshops at 7 PM. It's a cosy, creative space ideal for small groups.

## **Do you charge a travel fee for offsite workshops?**

Within Aberdeen, there is no travel fee. For locations outside the city, a travel fee may apply depending on the distance and number of participants.

## **What do we need at the venue to run the workshop?**

We simply need tables and chairs, enough space for materials and decorations, and access to a sink for water.

## **Do participants need any experience?**

Not at all! All our workshops are designed to be easy, fun, and relaxing, suitable for complete beginners and those with some plant experience.

## **Do you provide all materials?**

Yes. We bring everything needed for the workshop.

# FAQ's

## **Can you tailor the workshop for a special event or theme?**

Yes, we're happy to customise decorations or workshop content to match your event theme.

## **Can we enjoy food or drinks during the workshop?**

Yes, light refreshments work well alongside our sessions. For venues with catering or bars, guests are welcome to enjoy drinks while creating.

## **Are the prices inclusive of VAT?**

Yes, all our workshop prices include 20% VAT, and we provide a full invoice for every booking.

## **How do we book a workshop?**

Email [contact@highlandmoss.com](mailto:contact@highlandmoss.com) with your chosen workshop, number of participants, date, and venue, and we'll handle the rest.

## **What is the minimum and maximum capacity for offsite workshops?**

Group sizes vary depending on the activity. Most workshops can accommodate 12 to 25 people, while our shorter sessions like Mini Terrarium or Marimo Moss can go up to 35 participants. We're happy to adapt to suit your event size.

# FAQ's

## Can we organise a workshop at your venue?

Yes! Our shop can accommodate 6 people for workshops such as terrarium, succulent garden, and moss art. These sessions are held after our regular opening hours at 7 PM. We provide a table and seating area for all participants and can also host a small display or welcome area.

For smaller botanical experiences like Marimo moss, mini terrariums, or wee succulent gardens, we can also host up to 6 people around our Botanical Lab table during opening hours.

Please note that these sessions take place while the shop is open, so there may be other customers around, and the workshop will be conducted standing at the table.
